"BUSTER" IS HERE! RE

And Will Entertain at the Crawford Theater This Afternoon.

STRONGEST BILL OF THE SEASON Managers Crawford, Van Dyke and Enton are indebted to THE GER-MAN-AMERICAN STAFF OF PHYSICIANS AND SURGEONS INSTI-TUTE for their "headliner" this week.

During the past three years this little prodigy, Buster Keaton, has played in every high-class Vaudeville Theater in America, and his brilliant stage career has won for him a most enviable reputation. Some time since Buster was a very sick child, and when all hope was gone his parents applied to the German-American Doctors for assistance, and now claim that these Master Specialists saved the little wonder's life. The following letter is self-explanatory; New York, N. Y., Jan. 1, 1903.

Dear Sirs: Replying to your inquiry regarding Easter's health, will say I eel it is a duty! once you and the afflicted to advise all in need of medical assistance to seek your aid. Before consulting you, our little son had been given up to die by eight different physicians. They said he could last but a few days at most.

this limbs were almost fleshless, and his stomach was bloated nearly as large as that of a person three times his size; he attenthing for several days, and, to tell the truth, there never seemed to be one little chance for saving his life; but I can truthfully say that within forty-eight hours after commencing your treatment a decided change was noticeable, and within a few weeks little Buster was as sound as a dollar, one of Nature's own rosy-cheeked boys. We play at Craword's Theater, St. Louis, week of October 11, with Van Dyke & Easton's "Across the Desert" Company. Yours gratefully, JOE KEATON, "The Man With the Table."

AFTER HAVING BEEN SUCCESSFULLY TREATED HERSELF, SHE RECOMMENDS THE DOCTORS TO HER FRIENDS. PRIENDS.

Dear Dectors:—This will introduce to you my cousin, Mrs. Letha Puson, of Maysville, Mo., whom I have recommended to take your treatment. You will remember that you cured me of a complication of troubles, after nine years' suffering. I had been treated by several other doctors, both in St. Louis and Kansas City, but received no benefit. After seven weeks under your care, I am pleased to say that I am entirely well. Gratefully yours, MRS. Etd.EN CARRIGG.

Jan. 3, 180.

163 South Sth. Kansas City, Kansas

FOLLOWING THE EXAMPLE SET BY MRS. CARIGG, MRS. FUSON IN TURN ALSO RECOMMENDS THE STAFF. Estermed Lady:—I received your letter yesterday and in reply will say, the German-American doctors are all they claim. I believe them to be the most reliable and competent physicians I over met. I was almost a week when I went to them. I would advise you or any other sick person to go to them in preference to any one class, no difference what the disease, as they have Specialists for all character of trombies. Just do your part—that is, be careful to follow directions and do as they tell you—and all will be well. Yours respectfully,

R. D. No. 2. Maysville, Mo., Sept. 20, 1901.

Note—The above letter was written to Mrs. F. C. Krause of Clinton, Mo., in reply to an inquiry as to the Doctors' reliability, and by her forwarded to them.

They also have testimonials from the following people, many of them even more interesting than the above. In case you are sick, investigate. Don't put off for
